

# LEO CLUB OF UNIVERSITY OF COLOMBO

## LEO District 306 C1

Sri Lanka

Mr.W.N.Ananda,  
Curator,  
Landscape Division,  
University of Peradeniya,  
Peradeniya  
8 th of April 2021.

Dear Sir,

### Requesting permission for a phase of Project 'Plant a Hope' 3.0

We, Leo Club of University of Colombo are conducting the project named as 'Plant a Hope' which focuses mainly on building an eco-friendly, sustainable, and greener environment for the community. This project primarily aims at mitigating global warming, increasing awareness about prevention and conservation in society, and encourage the community to protect and conserve the environment.

Under the project 'Plant a Hope' , the main objective of this phase is, help to reduce the global warming, expect to mitigate the climatic changes and reduction of the soil erosion. To make it to success, we would like to plant more than 100 trees in the "Hanthana" mountain range in Kandy as the mountain range is being often subjected to the fire erupts. **Moreover, we will ensure the sustainability of the project by taking care of the planted trees continuously after the project.** We are planning to conduct this phase before 25<sup>th</sup> of April 2021 according to your preference.

We kindly request permission from you for this programme. It is highly appreciated if we could have your corporation to coordinate this event with **the process, guidelines, a suitable area of the mountain range and a preferable date & time** (A date before 25<sup>th</sup> of April as mentioned above)

We would be very delighted if you could provide us this opportunity. We are looking forward to hear from you.

Thank you,  
Yours in Leoism,

.....  
Leo Nipuna Sandaruwan  
Club President  
L/C of University of Colombo

.....  
Leo Chanaka Wickramasinghe  
Project Chairperson
